2-course **vegan** brunch | \$27 per person

welcome to our home, where all the service and cooking is done by two people only - Ricardo in front and chef Justé in the back, a husband and wife duo. when creating this personal menu, we're inspired by the seasons, and depend on availability from local farms and makers. some ingredients are foraged, some are grown by us. for a special celebration, have our restaurant to yourself. we can cook at your place too! pricing and private event info at www.mapleaverestaurant.com/private-events
